### SPIKING ANOTHER "ROOMER"

Rumor has it that your Secretary is going to work for Actino Laboratories and from a surprising source comes the statement.

Following my publication of excerpts from affidavits in "WHO IMITATED WHOM AND WHAT?" the undersigned was in receipt of and now has in his files some threats under date of March 2, 1938 and signed "Carl Loeb":

"I have given you a reasonable period of time for a response and in the absence Of this response I am forced to start action against you and I shall do so within three days unless I hear from you. ----- "and unless I hear from you by expiration of the time limit, t his entire matter shall be turned over to my attorney."

Friendly eh!

Does that look like conjugal felicity?

Well, let the roomers, "room", Nesters, too, for that matter. Perhaps I can get some more things to tell to my attorney. And perhaps Mr. Loeb is just trying to coerce me into working for him.

We hate to bore you with this stuff, but a few members have asked us about these matters, and the Syntonogram is our means of dissemination. You should have the FACTS, and you should see that you friend Optometrist has them, too.

It is to be hoped that the person who receives this Syntonogram and turns it over to the "Actino Interests" is amply rewarded therefore.

No, it is NOT true, once and for all, I'm not going to work for that outfit, NEVER.
