ACS 2023

**Upcoming Study Workshop –
Streff Syndrome and Syntonic applications
Wednesday April 19 at 7.00pm Sydney-Canberra EST on Zoom**

The Australian College of Syntonics presents a study workshop on Streff Syndrome and syntonic applications. This will be presented via Zoom to provide you with an advanced understanding of all levels of Syntonic Phototherapy and how to manage your patient. The workshop will last approximately 90 minutes.

This study group is only available to current members of Australian College of Syntonics (ACS) and The College of Syntonic Optometry (USA) CSO.

This study workshop will be **FREE** to current members of the Australian College of Syntonics (ACS) and will have a charge of **\$25 AU per person** to current CSO members.

Participants are invited to submit relevant cases on the Friday prior to the meeting for presentation and further discussion at the meeting.

If you have a **case** and would like to discuss it, please **email** the details to Simon Grbevski as soon as possible to

simon@grbevski.com

Please register your intention to attend so you will receive a Zoom link.

Payment can be made to the college via **Paypal** to syntonicscollegeaustralia@gmail.com

Or Bank transfer:

Swift code: CTBAAU25

Bank account: Australian College of Syntonics Inc

Bank Branch: 493 Princes Highway, Rockdale. NSW 2216 Australia

BSB 062-235 ACC No 10201249
